Log-in options:
You will need your own online banking codes or mobile ID to log into OmaKela to make an application.

School transport subsidy in an application

An online application for school transport subsidy will be introduced at the end of May.

KELA will post more information on website in May.

Applications for school transport subsidy can be made conveniently in the OmaKela e-service (www.kela.fi/omakela) from 1.8.2023 onwards.

By applying via OmaKela, you can get the subsidy quicker.

If you take the bus to and from school, you can get your ticket from most online ticket vendors as soon as you have submitted your application.
